### Biography

A chartered accountant with 25 years experience as an FD/Group FD. For the last 5 years being an associate at FDYL, working as a portfolio finance director and non executive director for owner managed SME's.

David has experience in a variety of sectors including software and internet, TV programme production, manufacturing, property, construction and consultancy companies.

Usually these companies have been fast growing often with an international element. David's particular expertise has been working with SME owners and managers on business planning to secure bank and VC funding from £50,000 to £6m. Also preparing companies for MBO's and trade sales.

Hands on skills with Business Planning, Budgets and Forecasting.

### Client Reference

"Initially, a 6 month interim FD project to cover for a major illness of the incumbent. As well as getting the accountancy on track, David assisted with the sale of a problematic factory site and consolidation onto one site, recruitment of new Managing Director and Financial Controller, managing the relationship with the bank and increasing our facilities by £750k. I found David to be a multi skilled individual who added value to the business at all levels. He is a team player with excellent communication skills that he put to good use for the benefit of the company. He has the ability to relate to people at all levels and has a desire to 'get the job done' in an accurate and timely manner."
